

## CISB Teacher Profile

Successful applicants demonstrate the attributes of our Teacher Profile:

- You have at least a bachelor degree and a bachelor of education degree. A minimum of 3 years of teaching experience is preferred.
- You are a teacher who considers education to be your passion and you are a lifelong learner dedicated to refining your craft.
- You are dedicated to teaching through inquiry and through a conceptual lens.
- You are committed to exemplifying the attitudes and attributes of the Learner Profile.
- You love teaching and facilitating learning.
- You love the age group and subject area to which you are applying, and you have references that wish they could retain you as an employee!
- You are committed to supporting your students both in and out of the classroom.
- You believe that important learning takes place outside of the classroom walls and welcome the opportunity to participate in and/or lead extra-curricular programs.
- Your approach to classroom management is proactive and supported by your dynamic and innovative approach to teaching.
- You create balanced and varied assessments. You greatly value the data obtained from assessment and use it to drive differentiated instruction.
- You are a 21st century educator. You don't just view technology as a crucial tool for learning; you view it as your foundation for instruction to engage your students.
- You value collaboration with colleagues to innovate, create, and refine programs.
- You believe that a home and school connection is key to student achievement and embrace communication with all stakeholders.
