“Taste the Outdoors”

by Camp Greenwoods

Canadian International School of Beijing
Oct 18-20, 2023 Year 4

PROGRAM INTRO

As one might tell, we truly love the outdoors. However, we understand this certainly isn't for everyone. Hence, we have put together a great balanced option that offers a “taste” of what the outdoors has to offer. In this program, camp outs are optional, and surrounding the program are a plethora of activities suited for all audiences.

Located in Yanqing at our partner camp “Tuobang 拓邦”, where we run week long summer camps and holiday camps, this site truly has it all. Archery pits, hiking paths, sports pitches, obstacle courses, and of course its private lake for water activities!

Kayaking is a must do at this beautiful mountain lake. For any age group water activities are usually a hit. Trust that safety instructions are offered, stretching, and paddling teaching. High ratios of staff for all programs with Greenwoods.

FAQ

Can I bring a phone or iPad?

No phones nor electronics will be welcomed on this trip.

Is there time for shopping?

There will be no shopping on this trip. Please keep money and valuables at home. These items are bring at your own risk

What should I definitely not forget?

Water Bottle essential item!

What is Gaga?

Gaga is a ball game invented in Israel. It became popularized in North American camps some many years ago by Israeli international exchange students & camp staff. It is now one of the most popular ball game sports at traditional Camps across the world.

Is Camp safe?

Rest assured, YMCE's 12 year history of running both domestic and international programs has a proven record of success. Many of our staff are AHA First Aid and WAFA certified. Beyond that, we have successfully serviced nearly 80,000 children in our summer and winter camp programs alone. It is safe to say that children in our care are emotionally and physically in a good place. All sites have been tested and RAMS created for each.

Will it rain?

That's always a possibility! So let's bring our raincoats.

What time of shoes should I bring?

Comfortable athletic shoes, sneakers are key for most trips. Hiking boots not required.

Tips on luggage.

Definitely don't overpack for your child. Luggage cases ideally have wheels for easy transferring. Packing is also a good family activity to do to have our children learn about planning ahead.

The story of You Mei Camp Education (YMCE) / Camp Greenwoods starts from humble beginnings in a lowly Beijing apartment in 2010. Four friends from the U.S & China came together to discover that the traditional summer camp experience in China was yet to exist and a catalyst organization was needed to create it; thus YMCE was born. No longer would China have to wait for s'mores, camp fires, bunk life and bug juice, a group was there to show them the way.

With our strong roots in camp, we quickly were able to adapt a wide variety of educational options for students and families everywhere. School trips, summer camps, ski trips, residential overnights, WWW, LNT, outdoor adventures, Duke of Edinburgh Adventurous Journeys, and so much more.

Today, we are proud to be industry leaders helping shape and pave the way for more Camp in China; be it through summer camps or school programs. Part of our work has included co-founding the Children's (China) Camp Education Alliance (Association) in 2015, taking an active role in international camping board The ICF, and are highly regarded among camp professionals in the region and world.

We have now grown beyond traditional summer and winter programs to having built and managed 7 outdoor sites (Camp Greenwoods) across the mainland stretching from Yunnan to Beijing hosting student & adult groups, facilitating industry trainings, and more. Boasting a team of 50+ across four city offices in China, we are ready and capable to service a variety of partners across a multitude of industries and programs.

Emergency Protocol:

At night, we will have student, faculty and YMCE, and nurse rooms marked on outside. Kids to be trained to know where to go and who to find.

In case of an accident, student will be checked by the onsite nurse and send to the local hospital if need. We will contact parents to get the approval before we go to the local hospital or send to the hospital they appointed.

For sickness in Beijing, student will be checked by the onsite nurse. We will contact parents to get the approval before taking any medicine. If the student cannot attend any activity, he/she will stay with the nurse; we will contact parents to come to pick up or we send one of our admin staff with the school driver to come to escort back.

For sickness outside Beijing, student should stay with the group until the end of the trip if parents cannot come to pick up or admin staff will come to escort the student back if the symptom is serious. Separate room or care may need to be arranged.
